Pastis from Provence

Product Name	Description	Processing, PCB and minimum to order	Capacity and % of alcohol	Storage and transport
Pastis Janot (1,00L)	Pastis Janot is made from a traditional recipe : many plants have been rigorously selected and have macerated at least for 3 weeks. Thus, they provide this pastis a particular taste. 5 volumes of fresh water and 1 volume of Pastis are recommended. Keep off ice cubes.	Bottle glass 12 units/case Minimum 1 case	100 cl 45% vol	Ambient temperature
Pastis Janot Bio	Plants and alcohol come from organic farming. They have been rigorously selected and have macerated at least for 3 weeks. 5 volumes of fresh water and 1 volume of Pastis are recommended. Keep off ice cubes.	Bottle glass 12 units/case Minimum 1 case	70 cl 45% vol	Ambient temperature
Pastis Lou Garagai	This famous Pastis from Provence is made from an old recipe more complicated than the recipe of ordinary pastis : many plants have macerated at least for 12 weeks. To taste this particular product is a real pleasure for palate. Taste it like a great wine!	Bottle glass 12 units/case Minimum 1 case	70 cl 45% vol	Ambient temperature
